

BAUME & MERCIER

MAISON D'HORLOGERIE GENEVE 1830

CUSTOMER SERVICE

USA

CUSTOMER SERVICE

EXECUTIVE SUMMARY

GUARANTEES

Length of international guarantee : 24 months

Length of repair guarantee : 12 months

SERVICES

Baume & Mercier shall only undertake and invoice interventions that have been indicated in the estimate and accepted by the client.

The objective is to only carry out interventions that are necessary for the smooth running of the watch and to offer all other aesthetic related interventions as an optional service.

We distinguish the functional services from the aesthetic ones:

Functional : mandatory to ensure the smooth running of the watch

Aesthetic : optional

The content of the services is described on the next page.

The prices and lead-times depend on the type of service, the type of movement and the age category of the watch.

Shining is included for all complete services although it remains optional. This service consists in a light polishing, restoring the watch's shine and removing superficial scratches while preserving the shape of the watch. This service is not available for rhodium-finished or plated watches.

Polishing is proposed upon client request only and invoiced. This service permits to remove deeper scratches compared to shining.

Baume & Mercier commits to repair any watch, permitting to maintain its value over time.

Some watches (vintage or complicated watches) may need to be returned to Switzerland for diagnosis. If this applies to your watch, a handling and freight charge will apply and we will contact you to obtain your written approval prior to sending your watch to Switzerland.

SERVICE CONTENTS

DIAGNOSIS

Reception of the watch and learning about the client's request

Control of the watch upon receipt :

- aesthetic (*scratches, shocks...*)
- functional (*time setting, date, hands, chronograph function, GMT function, ...*)

Air-resistance control

Case back opening

Checking of the movement cleanliness and state of lubrication

Movement controls :

- **Quartz:** electrical controls (*working, consumption, Lower Working Limit*)
- **Automatic/Manual:** demagnetization, working and amplitude control at 0h

	Final control : - aesthetic - functional (time setting, date, hands)	●	●	●

CUSTOMER SERVICE

WATCH CATEGORY

Baume & Mercier makes a distinction between two age categories :

- **Contemporary watches**": up to 20 years old (as of their production date)
- **Vintage watches**": more than 20 years old (as of their production date)

To define the age category of your watch, please check if the technical reference engraved on the case back appears in the list of technical references of the next page. If so, your watch is considered as «Contemporary.» If not, it is classified as «Vintage.»

A service for a Vintage watch is generally more delicate than for a Contemporary model and a restoration may be necessary. Note that the time required for repairs is also often longer.

CONTEMPORARY WATCHES

Examples of lines concerned: *Capeland, Linea, Classima, Hampton, Riviera, Promesse, Clifton, ...*

VINTAGE WATCHES

Examples of lines concerned: *Aurore, Classima (old collection), Riviera (old collection), Tronosonic, Avant-garde, Jubilé, Formula S, ...*

INTERVENTION LEAD-TIME (CLIENT - CLIENT)

POLISHING (Invoiced with water-resistance or complete service)

For steel or yellow/red gold watches	Case	75.-	Included in service lead-time
	Case and bracelet	150.-	
For rhodium finished or plated watches	Case	235.-	
	Case and bracelet	470.-	

OTHER OPERATIONS

Engraving	50.-	1 week
Standalone polishing, component exchange, ...	According to estimate	

MAXIMUM RETAIL PRICES FOR STANDARD SERVICES INCLUDE:

- Administrative and technical work
- Components that shall be replaced systematically (e.g.: gaskets) or frequently (e.g.: screws, ...)

All other components are invoiced in addition.

HANDLING AND FREIGHT CHARGE:

If you accept the cost estimate that we will send you, a handling and freight charge of \$25 (\$100 if sent to Switzerland) will be invoiced in addition to the service price in the cost estimate (unless your product is under warranty). If you don't accept the cost estimate, we will return your watch to you in the condition in which it was received, at no cost unless your watch was diagnosed in Switzerland, in which case a handling and freight charge of \$100 will still apply.

TO DEFINE THE AGE CATEGORY OF A WATCH,

please check if the technical reference engraved on the watch case-back is indicated in the list of the technical references enclosed. If it is the case, the watch is considered as a "Contemporary" watch, if not, it is considered as a "Vintage" one.
